Remote Learning Policy

Date: January 2026
Review Due: January 2027
Reviewed Annually

Teaching and Learning at Saxon Way

At Saxon Way, we endeavour to provide the finest educational experience for every single child. Our holistic and well-rounded approach towards education provides an exceptional foundation for life-long learning, and we ensure that each child has the opportunity to grow in self-confidence, academic success and artistic endeavours. We do this through providing a rigorous curriculum, opportunities for wide-ranging extracurricular provision and ensuring learner-centred lessons.

We have extensive plans in place for the provision of remote education. This will ensure that the small number of children who need to be educated at home, for example, due to recovering from short-term infectious illness, recuperation from medical procedures, or other exceptional circumstances where they are well enough to learn but unable to attend site, are given the support they need to continue learning. Remote education is of a high quality and aligns as closely as possible with in-school provision.

Aims

This remote learning policy for staff aims to:

- Ensure consistency in the approach for remote learning for pupils who aren't in school
- Set out expectations for all members of the school community with regards to remote learning
- Provide appropriate guidelines for data protection
- To ensure remote education is used only as a last resort when attendance is not possible but the pupil is physically well enough to learn (e.g., following an operation or during a period of infectious illness where school attendance would pose a risk to others)

Attendance and Registration

- **Statutory Compliance:** In accordance with the School Attendance (Pupil Registration) (England) Regulations 2024, remote education is not an alternative to school attendance.
- **Marking the Register:** Pupils receiving remote education must still be marked with the correct absence code in the register.
- If a pupil is absent because they are ill or recovering from a medical procedure, they must be marked as Code I (Illness).
- Providing remote education does not change this code to a "present" mark.
- **Recording Participation:** While the formal register records the pupil as absent from the premises, the school will maintain internal records of engagement with remote learning to monitor progress and well-being.

Roles and responsibilities

Teachers

When providing remote learning, teachers must be available for their usual contracted hours. If they're unable to work for any reason during this time, for example due to sickness or caring for a dependent, they should report this using the normal absence procedure.

When providing remote learning, teachers are responsible for:

- Creating a weekly timetable and overview of learning for their year group. Saxon Way's schemes of work and curriculum maps will be used to ensure coverage of all subjects across the curriculum
- Weekly overviews will be sent to senior leaders every Thursday outlining the learning that will commence the following week

- Planning documents will be sent to senior leaders alongside the weekly overview for phase leaders to quality assure
- Senior leaders will quality assure overviews and planning.
- Once planning has been quality assured, senior leaders will inform teachers to upload planning to google drive.
- Teachers will provide paper packs for children without access to online learning and ensure a consistent approach to teaching and learning across their year group
- Teachers will plan for and provide an assessment activity every week that will support evaluation of key skills and concepts taught. In English this will be in the form of a written task that must be returned to school or an online quiz. In maths this will be in the form of a short unsupported maths activity or an online quiz

Providing feedback on work:

- Pupils can send any completed work to teachers by sending work through to the office email or by taking a photo of the work and emailing onto the teachers email
- Teachers will respond to work submitted within 48 hours (Monday – Friday)
- Teachers will provide weekly feedback for all children

Keeping in touch with pupils and parents:

- Weekly Overviews to be sent to all families
- Emails received from the parents and pupils are to be checked between 08:50 and 14.00- Mon- Fri. Emails must be replied to within 48hrs. Anyone can respond to year group enquiries - it does not have to be the actual class teacher
- Any issues that are received are to be dealt with professionally by the class teacher and the senior leader should be informed. If necessary, teachers to contact a member of SLT for advice
- Teachers are to attempt to contact all pupils in their class every week if they do not attend the daily Zoom sessions via telephone call, when in school, or from a withheld number. Contact details can be accessed from SIMS, please ensure you logoff and do not share information with a third party. Record all contacts with parents and share any relevant actions with senior leaders
- Contact should be polite and encouraging. Teachers must adhere to the email procedures and not give out any personal details. Any concerns should be forwarded to a member of SLT who may choose to contact the parents directly

Attending virtual meetings with staff, parents and pupils

- All members of staff will dress professionally
- All members of staff will ensure that they access virtual meetings in a quiet space with an appropriate background

Teaching assistants

When assisting with remote learning, teaching assistants must be available for work during their contracted working hours.

If they're unable to work for any reason during this time, for example due to sickness or caring for a dependent, they should report this using the normal absence procedure.

When assisting with remote learning, teaching assistants are responsible for:

- Supporting children with working remotely
- Undertaking continuous professional development which will directly impact on outcomes for children

Subject Leads

Alongside their teaching responsibilities, as outlined above, subject leads are responsible for:

- Quality assuring the work set by teachers in their subject
- Reviewing and making any necessary amendments to subjects in the light of home learning
- Provide teachers with suitable resources to support with the delivery of their subject remotely

Senior Leaders

Alongside any teaching responsibilities, senior leaders are responsible for:

- Co-ordinating the remote learning approach across the school – quality assuring the effectiveness of remote learning – reviewing work set by teachers weekly on KLZ
- Monitoring email correspondence between parents and teachers
- Leading weekly meetings with their teams to review learning platforms
- Reaching out for feedback from families to review remote learning
- Monitoring the security of remote learning systems, including data protection and safeguarding considerations

Designated safeguarding lead

The DSL is responsible for maintaining contact, collating, passing on information and responding to any concerns.

IT staff

IT staff are responsible for:

- Creating email accounts
- Fixing issues with systems used to set and collect work
- Helping staff and parents with any technical issues that they experience
- Reviewing the security of systems and flagging any data protection breaches to the dataprotection officer
- Assisting pupils and parents with accessing the internet or devices

Pupils and parents

Staff can expect pupils learning remotely to:

- Be contactable during the school day – although consider that they may not always be in front of a device the entire time
- Complete work by the deadlines set by teachers
- Seek help if they need it, from teachers or teaching assistants
- Alert teachers if they're not able to complete work.

Staff can expect parents with children learning remotely to:

- Make the school aware if their child is sick or otherwise can't complete work
- Seek help from the school if they need it
- Be respectful when making any complaints or concerns known to staff

The Board of Trustees and The Governing Body

The Board and Governors are responsible for:

- Monitoring the school's approach to providing remote learning to ensure education remains as high-quality as possible
- Ensuring that staff are certain that remote learning systems are appropriately secure, for both data protection and safeguarding reasons

Who to contact

If staff have any questions or concerns about remote learning, they should contact the following individuals:

- Issues in setting work – talk to the relevant subject lead/SENCO/SLT
- Issues with behaviour – talk to the SENCO/SLT
- Issues with IT – talk to EIS for support if needed
- Issues with their own workload or wellbeing – talk to their hub leaders/Head of School
- Concerns about data protection – talk to the data protection officer (Head of School)
- Concerns about safeguarding – talk to the DSL

Data protection

Accessing personal data

When accessing personal data for remote learning purposes, all staff members will:

- Teachers are able to access parent contact details via SIMS using a secure password. Do not share any details with third parties and ensure SIMS is logged off after use
- SLT have the ability to locate personal details of families when required through securely accessing SIMS. SLT are not to share their access permissions with other members of staff. School laptops and iPads are the school's preferred devices to be used when accessing any personal information on pupils

Processing personal data

Staff members may need to collect and/or share personal data such as email addresses as part of the remote learning system. As long as this process is necessary for the school's official functions, individuals won't need to give permission for this to happen. However, staff are reminded to collect and/or share as little personal data as possible online.

Keeping devices secure

All staff members will take appropriate steps to ensure their devices remain secure. This includes, but is not limited to:

- Keeping the device password-protected – strong passwords are at least 8 characters, with a combination of upper and lower-case letters, numbers and special characters (e.g. asterisk or currency symbol)
- Ensuring the hard drive is encrypted – this means if the device is lost or stolen, no one can access the files stored on the hard drive by attaching it to a new device
- Making sure the device locks if left inactive for a period of time
- Not sharing the device among family or friends
- Installing antivirus and anti-spyware software
- Keeping operating systems up to date – always install the latest updates
